

Alcohol and Other Drugs Policy

Sancta Sophia College

Intent

The intent of this policy is to provide a framework for the effective management of alcohol at Sancta Sophia College. Sancta Sophia College seeks to promote a safe and healthy learning environment for students and recognises the adverse effects of alcohol on self and others. The aim of this policy is to prevent and reduce harm associated with alcohol and other drugs within Sancta Sophia College.

Principles

Sancta Sophia College recognises that everyone in our community has the right to live, study and work in a safe and supportive environment. All members of Sancta Sophia College (including students, staff and Council) have a role in creating and maintaining a safe and respectful environment.

Consumption of alcohol at Sancta Sophia College must be seen in the wider context of community standards and concern. The service and consumption of alcohol needs to align with Commonwealth and State laws and The University of Sydney Alcohol Policy.

Responsible consumption of alcohol is permitted at Sancta Sophia College. It is recognised that alcohol consumption is part of the College's social environment, but Sancta Sophia College will not condone alcohol consumption that has harmful physical, behavioural or social outcomes.

Only students and their guests over the age of 18 years may consume alcohol. It is a criminal offence in NSW to supply alcohol to a person under the age of 18 years. There are no circumstances in which a person of 17 years or younger may be offered or may consume alcohol – to do so is considered a major breach of this policy and will result in disciplinary action for all parties involved, up to and including expulsion from the College.

Smoking, vaping and the use of any drugs other than alcohol is strictly prohibited at Sancta.

1. Liquor license

At Sancta Sophia College, alcohol may only be served and supplied under the terms of the liquor license held by our caterers. Alcohol may only be sold or served to students (and their guests) under that license.

All service of alcohol at Sancta must comply with the requirements of the Liquor Act 2007 (NSW) and the University of Sydney Liquor Accord.

All students (and guests) may be required to present identification (proof of age) on any occasion should they wish to be served alcohol.

2. Availability, sale & promotion of alcohol

Any Sancta Sophia College event that includes alcohol must have the prior approval of the College Vice Principal or Principal. In addition, all events:

- must adhere to the liquor license held by Sancta's caterers on behalf of the College;
- must include the provision of free water as a minimum, and other non-alcoholic drinks must be available for free or for sale (as the context of each event dictates);
- must have appropriate security and risk mitigation procedures in place.

The following alcoholic beverages may not be served without the express permission of the College Vice Principal or Principal:

- Spirits that are served straight or mixed on site.
- Ready-mixed drink products with more than 5% alcohol.

Any promotion of alcohol products or brands is prohibited at Sancta. Sancta events may not receive sponsorship that entails the promotion of alcohol products or brands.

The consumption of alcohol must be ancillary to, and not the primary purpose of any Sancta event.

House Committee and Senior Common Room funds may not be used for the purchase of alcohol without the express permission of the Vice Principal or Principal. If approval is granted for HC and SCR funds to be used, all alcohol must be purchased through our caterers.

Strict Responsible Service of Alcohol (RSA) guidelines will be applied to any event involving alcohol, to be exercised by Sancta's contracted caterers, supported by College Management. The Principal or Vice Principal may, at their discretion, impose additional oversight or limitations on the provision or consumption of alcohol to promote safety and wellbeing.

3. Physical spaces where alcohol may be served

Alcohol may not be consumed in any public area within the College without the express permission of the Vice Principal or Principal. A public area is defined as any area outside of student bedrooms. This includes areas such as corridors, dining areas, the Quadrangle and the rooftop of Graduate House.

Students may drink in their bedrooms as this is considered private space.

- Students may not transgress any rules pertaining to the safety and security of themselves, others or property while drinking in their bedrooms.
- Should students wish to host friends in their bedroom on any occasion where alcohol will be consumed, they must avoid any disruption to anyone else in the College at that time, and immediately comply with any request from a fellow student, RA or staff member to minimise noise or other disturbance. Sancta staff

(including RAs) may ask guests to leave at any time. Failure to support such a request will result in disciplinary action against the host student.

4. Standards of behaviour

The following standards around the consumption of alcohol apply to all students of Sancta and their guests. Failure to meet the following standards will result in disciplinary action up to and including exclusion from the event or College grounds, or suspension or expulsion from the College.

- Students (or their guests) under the age of 18 will not consume alcohol.
- Students (or their guests) will not drink with the aim of becoming intoxicated.
- Students (or their guests) who are intoxicated will not continue drinking.
- No-one will provide or serve alcohol to anyone who is intoxicated irrespective of the context.
- Students (or their guests) will not be subjected to pressure of any kind to drink alcohol.
- Students (or their guests) will not be involved in drinking games or competitions within Sancta.

5. Alcohol & disciplinary matters

Intoxication will not be considered as a defence or as a mitigating factor in any disciplinary action against a student.

All students are expected to comply with College policies and respect the College ethos. The Vice Principal or Principal may apply disciplinary consequences for the good order and conduct of the College. How these consequences are applied is determined by the nature of the behaviour in question. Serious breaches of these rules will result in disciplinary consequences up to and including expulsion from the College.

6. Roles and responsibilities

8. Changes to this policy

The College reserves the right to alter this policy or associated procedures as it sees fit. Additional alcohol restrictions will be introduced should it be found that the above is not serving the interests of the College or its students.

9. What to do when things go wrong

From time to time, a student or guest of the College might consume of alcohol (or other substances) to a degree necessitating medical attention. It is essential that everyone in the College recognises that the safety and wellbeing of the individual concerned is of primary importance.
